## Breathe Easy Award

The '**Breathe Easy Award**' is for businesses across **Staffordshire and Stoke-on-Trent**. The County Council, your local district council and the NHS wish to recognise and celebrate businesses in the area which go the extra mile to support their workforce in leading healthy lives.

The **Breathe Easy Award** is an accredited process by which businesses are able to develop smokefree policies, demonstrate support to their local community and offer employees who wish to quit smoking help and support to do so. A great deal of research has shown that employee smoking costs business a huge amount in terms of productivity, not to mention the obvious health risks to valuable employees. The award is a good opportunity for business to improve productivity, provide valuable health and wellbeing support for staff and improve their reputation as a responsible employer. ## Waste- Your Duty Of Care

Lichfield District Council had over 600 incidents of fly-tipping in the last year. We are trying to reduce these incidents by cutting out the waste available to fly-tippers. As a business you have a duty to ensure that any waste you produce is handled safely and within the law. This is your 'duty of care'. Duty of care is a chain of responsibility for waste from the point of production to the point of disposal or recycling; this chain is recorded and is traceable in the event of an investigation.

Under your duty of care you must:

- store waste safely and securely;
- ensure your waste is only handled or dealt with by people or businesses that are authorised to do so;
- fill in and sign a transfer note for your waste; and
- keep waste transfer notes for all waste that you transfer or receive for at least **two** years.

Environmental Health will be undertaking inspections, stop and searches and investigations into incidents of fly-tipping to ensure that all businesses comply with their duty of care.

I thank you in anticipation of your co-operation. If you would like any further information or advice please contact Environmental Health on **01543 308999**.

## ratemyplace – Food Safety Star Rating Scheme

The **ratemyplace** - Food Safety Star Rating Scheme is a partnership between 8 Local Authorities in Staffordshire and shows how well businesses are run in accordance with their legal obligations under food law and where improvements in food safety are possible.

The more stars that are awarded the better the premises are in terms of legal compliance and standards of hygiene. The highest score that can be awarded is five stars and the lowest is zero stars.

Through the commitment by partner Council's in Staffordshire to a transparent enforcement approach, the ratemyplace scheme will enable consumers to access information which is held about food premises registered with their Local Authorities. This is supported by the freedom of information legislation ([Freedom of Information Act 2000](#)) which makes it easier for members of the public to obtain information held by Councils.

The scheme is accessible through the **ratemyplace** web site – [www.ratemyplace.org.uk](http://www.ratemyplace.org.uk) or links from individual Council's websites. Businesses may also display a **ratemyplace** star rating certificate containing information about the inspection and the amount of stars awarded. If you would like a copy of the Policy Document which outlines the scheme in more detail please visit [www.ratemyplace.org.uk](http://www.ratemyplace.org.uk).
